[REDACTED] and I met with [REDACTED], DDP/TRO, and we related the results of our meeting with the DC/[REDACTED] on the matter of creating a [REDACTED] Fam course. Without exception the DDP/TRO accepted the line of reasoning and views expressed in the referenced memorandum. He reiterated that his own analysis of the question was similar to ours but chose not to express his ideas until the [REDACTED] first presented an evaluation of the need for a [REDACTED] Fam course. He too feels that with some reshaping of the course content of the present [REDACTED] as well as a lowering of the entrance qualifications, OTR can still preserve the quality of instruction and make it available to a wider number of Agency officers.
